Sulfur Dioxide	0.7538

**Environmental Information for Standard Offer Service
Provided by Agera Energy**

This disclosure is required by the District of Columbia Public Service Commission.

The following environmental information is for Agera Energy Customers with Standard Offer Service. Standard Offer Service is provided to those customers who have not chosen an alternative to electricity supplier.

Power plants can generate electricity from a number of different fuel sources, resulting in different emissions. Agera Energy will report fuel sources and emissions data to customers twice annually, allowing customers to compare data among the companies providing electricity service in the District of Columbia.

The provided Standardized Environmental data is from the dates of January 2018 through March 2018 based on the most recent year’s available data in the PJM System Mix. The PJM System Mix information can be accessed at <https://gats.pjm-eis.com/gats2/PublicReports/PJMSystemMix>. **For additional information, visit our website at ageraenergy.com.**
